Re: August 9, 1996 Division Directive to Commence Reclamation, Jumbo Mining Company, Drum Mine, M/027/007 Millard County, Utah.

Dear Mr. Carter:

In response to your letter dated August 16, 1996, thank you for clarifying the requirements for response to the August 9th Division Directive letter. The attorney who has been handling this matter for Jumbo, Mr. Z. L. Samay, Esq., has been out of the country and his absence has delayed our response.

While we regret that we were unable to get Mr. Braxton to rescind the Directive, as a result of our meetings with Mr. Braxton and his staff on August 15th and 16th, we believe that we have clarified several important factors which were either not considered, or if considered, were misunderstood by the Agencies involved, prior to August 9th, when the Division Directive was issued.

As discussed with your staff we do not believe that reclamation at this time is appropriate. Accordingly, we do not now intend to commence reclamation at the Drum Mine site.

In addition, as requested by your staff, by this letter we are formally requesting that we be copied on all new file matters pertaining to the Drum Mine, Jumbo Mining Company, and/or Asoma (Utah), Inc., on a weekly basis. Please let us know what the charges might be for this assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "E. B. King". The signature is stylized with a large, looped "E" and a long, sweeping "K".

President
